JONGHYUK LEE

Experienced Software Engineer

646-577-4736 jonghyuk82@gmail.com New York, NY

SUMMARY

Experienced software engineer with 8+ years in designing and developing mission-critical applications. Proficient in .NET Framework/Core, web & desktop development, and REST. Strong communicator and team player.

EXPERIENCE

Senior Software Engineer / Software Engineer

Alinxsoft

03/2019 - Present New York, United States

Developed and maintained a .NET-based Warehouse Management System, enhancing efficiency and productivity.

- Led the development of payment portal applications for freight forwarders, managing projects from requirements to deployment.
- Developed a system that leverages IBM MQ to receive and transmit EDI-formatted messages (FFM, FWB) over the SITA network, ensuring reliable message processing and storage.
- Integrated third-party AS/RS systems with the warehouse management system (WMS), improving logistics efficiency.
- Provided technical support and troubleshooting, ensuring smooth system operations and improving user satisfaction.

Software Engineer

The Notion Lab

01/2017 - 03/2019 New York, United States

Designed and developed POS system using .NET Framework/WPF

- Migrated a POS system built with Adobe Flex (MXML) to WPF/.NET Framework.
- Implemented payment gateway integration for seamless online transactions
- Developed secure, scalable software solutions that improved operational efficiency and data integrity

Associate Software Engineer / Internship

Remantek

01/2014 - 02/2016 New York, United States

Assisted senior developers with software development tasks, gaining hands-on experience in application development and system design

Quality Assurance Engineer

LG U+

06/2004 - 02/2006 Seoul, South Korea

- Conducted comprehensive testing on mobile devices to ensure software and hardware quality
- Identified and documented defects while collaborating with developers, product managers, and designers to resolve issues
- Analyzed test results and provided reports with risk assessments and recommended solutions

Served as a Sergeant

Military Service: Republic of Korea Army

03/2002 - 05/2004 Gangwon, South Korea

- Completed mandatory military service, developing leadership, teamwork, and problem-solving skills
